Wildflower Fun in Victoria during Spring

Go wild and visit the Australian Garden at RBG Cranbourne during Spring to be eligible to win a double adult pass on the popular AAT Kings 8 day Southern Wonders Tour. This tour discovers the wildflowers and major highlights of Southern Western Australia.

Spring in Victoria is wildflower time in the award-winning Australian Garden and surrounding bushland.

The 100,000 Australian plants in the Australian Garden put on their best show of wonderful colours during this time with some unique indigenous orchids in the bushland also in flower.

RBG Cranbourne is putting on a host of activities that will appeal to all ages during its Wildflower Festival, including wildflower walks, photography tours, crafts, an Australian native plant sale and night prowling tours.

Visit the Australian Garden and join in the fun as part of the Wildflower Festival from Saturday 20 September through to Sunday 5 October.
