

MORNINGTON PENINSULA Day Excursion

We will travel 90kms from Melbourne to the Mornington Peninsula to enjoy guided tours of 3 magnificent gardens. Heronswood, in Dromana, is classified by the National Trust and home of the Diggers Club. Here we find stunning perennial and annual borders as well as kitchen and vegetable parterres. There are views across Port Phillip Bay to the city.

Villa Lettisier (Flinders) boasts a Palladian styled house with uninterrupted ocean views. There is a Paul Bangay designed, formal garden surrounded by large trees and garden rooms to explore.

Cruden Farm (Langwarrin) was originally the home of Dame Elizabeth Murdoch and is currently a working farm. A drive of spectacular Eucalyptus leads to a garden of assorted coloured plants, many different garden rooms and a walled garden originally designed by Edna Walling.
